

my (gen)eration.

GIVE. ADVOCATE. VOLUNTEER.

LIVE UNITED

United Way's "my (gen)eration." Leadership Giving Program is focused on ideas, issues and activities that leaders aged 21-45 care about.

Giving to the United Way of Elkhart County is not only important, its appreciated. However, writing a check is a little removed from the action.

Members of "my (gen)eration." giving society want more action... want to get their hands dirty. They want to be "weekend warriors" and "heroes @ home" all while "getting their good on".

Special "get your hands dirty philanthropy" events will be held for "my (gen)eration." members. throughout the year. See the "my (gen)eration. brochure with this tool kit or visit www.unitedwayec.org for more information.
